# AUTOTEXT SHARING TOOL UPDATE: LOG OUT NO LONGER NEEDED

## Summary

After copying another users autoexts, you no longer have to log out to use them. They are automatically added to your library and can be used or edited.

## Key Points

Autotext Sharing Tool

After an autotext is copied, it will automatically be added to your library without needing to logout.

The screenshot displays two side-by-side tables. The left table, titled 'Physician Ancillary', lists various medical procedures with columns for Abbreviation, Description, and Update Date. The right table, titled 'My Auto Text Library', lists similar procedures. A red arrow points from the 'Copy' button in the 'Physician Ancillary' table to the 'My Auto Text Library' table, indicating the transfer of data.
