

# NEW ORDER FOR ESOPHAGEAL MONITORING CATHETER PLACEMENT GO-LIVE 2/6/24

## Summary

On **2/6**, the new order **Request RT for EPM placement** will be **replacing** the **Notify RT** order only in the case of EPMs. This order is defaulted to **BID** and the Respiratory Therapist with discontinue the order when the patient is extubated.

## New Order

The screenshot shows a web-based interface for entering a new order. At the top, a blue header bar contains the text 'Request RT for EPM placement' and 'Order' followed by a timestamp '1/23/2024 2:41 PM CST'. Below the header, the main content area is titled 'Details for Request RT for EPM placement'. There are three tabs: 'Details' (selected), 'Order Comments', and 'Diagnoses'. Below the tabs, there are several icons for actions like adding, deleting, and saving. The 'Requested Start Date/Time' field is populated with '01/23/2024', a dropdown menu showing '1441', and 'CST'. To the right of this field is a 'Special Instructions' label followed by an empty text input box.
