

# VENTILATOR FIO2 OEF CHANGE

## GO LIVE 12/27/23

### Summary

Due to a deficiency from DNV, the FiO2 OEF in the **Ventilator Settings** order and **EC Initial Ventilator Settings Protocol** order has been changed to a dropdown field. All other Ventilator orders remain unchanged

### Key Points

#### The dropdown will contain the options:

- Titrate to keep SpO2 greater than 88%
- Titrate to keep SpO2 greater than 92%
- Titrate per ordered protocol
- Other FiO2
